

# BOXWOOD & BLOOM

E V E N T S

**CONGRATULATIONS ON YOUR ENGAGEMENT!**

We help transform your ideas into the wedding you've always dreamed of. We know you've searched wedding checklists and started pinning inspiration photos, but are overwhelmed with all of the details - both small and big. It's time to stop thinking you need to spend more time planning and call in the professionals. With a well thought out plan, tools, and guidance from us, you'll be on the way to becoming calm, unruffled, and ready to enjoy your big day.

## WHAT WE OFFER

Each couple and each wedding is unique, so none of these offerings are one size fits all. Using these options as a starting point, we'll customize a planning solution catered to you and your needs.

### FULL SERVICE PLANNING & DESIGN

This is for the couple who want a professional to take the lead on all of the details - both large and small. We'll find you the perfect venue, the ideal photographer, and all of the other vendors that will make your day come true. We'll keep track of your budget, handle contracts, and keep you on schedule - we'll book everything from your final walkthrough to your alterations. We also create a design to ensure your ideas are brought to life. Anything that comes up along the way? It's handled.

Investment begins at \$8000.

### PARTIAL PLANNING

Our most popular package is the best of both worlds. With our guidance and suggestions, you go and handle the big tasks (book your venue, your caterer, your videographer) and we keep you on budget and on track with constant support and guidance. It's doing a little DIY work, but knowing a professional is ready to support at a moment's notice.

Investment begins at \$5000.

### WEDDING MANAGEMENT

You plan, we execute. At six weeks out, we take all of your planning and make it come to life. You can enjoy the weeks leading up to your wedding knowing you have a professional to get your planning to the finish line.

Investment begins at \$2800.

Welcome Bag Creation & Assembly  
Favor Creation & Assembly

"Boxwood & Bloom Events was amazing to work with for our wedding day. Kristin went above and beyond as a planner, and was incredibly thoughtful (she even brought my favorite treats the morning of the wedding!)"

"As a bride, I was able to actually enjoy my wedding and rehearsal dinner because I trusted Kristin to take care of every little detail that I wanted - and she executed it all flawlessly."

"Boxwood & Bloom Events did what I thought was impossible - change the venue with three hours notice because of the weather. Every guest and vendor arrived informed, relaxed, and you never would have known there was a change. Kristin had so many "secret" backup plans to ensure the day went off without a hitch."

## COMMONLY ASKED QUESTIONS

Where are you located?

Boxwood & Bloom Events is based in Tysons Corner, Virginia and most clients hold their weddings in Washington, DC, Northern Virginia, and Suburban Maryland. We are more than happy to travel and have passports ready at all times.

What makes you different from other planners?

Boxwood & Bloom Events is a boutique planning firm that limits the amount of weddings we take on to ensure that each wedding and each couple gets as much attention - and more - that they need. We never limit our time on your wedding weekend and we never place limits on communication. We strive to be over organized, dream up endless ideas, provide outstanding communication, and over deliver.

Do you serve LGBTQ+ couples?

Of course! Love is love.

Do you offer Day Of Planning?

Not exactly. We provide Wedding Management that starts approximately 6 weeks before your wedding date. We can't possibly learn all of the details that you've spent so long planning in only a week or so. We want to make sure we have the time to make your wedding exactly how you want it.

Do I really need a planner?

Yes, you do. This is your wedding day and your focus should be on your new spouse, your friends, and your families. You don't want to be fielding calls from vendors and directing relatives during photos. We know how to plan weddings - all you need to do is get married.

Questions?

We'd love to chat about your wedding.
